LINE SHEET

OUR MISSION

London Rag's purpose is to offer tasteful, edgy and feminine style with a vision to make it affordable and accessible to all the fashionistas out there. Our team spends countless hours designing & curating our catalogue - which means you never need to think twice about your styles when you own one of our pieces.

HOW DO WE CONTRIBUTE TO THE WORLD?

While trends come and go and fashion is ever-changing, one thing that's remained the same throughout the years is that London famously carries the style of the upper class, influenced by English royalty and leads the way in smart sharp tailoring, shoe making and fine hand-crafting. So are our products, they are curated with an aesthetics and fondness towards the ever stylish & chic London fashion.

LR SOCIAL CONTRIBUTION

While we do our best to give our customers the best foot forward in fashion we also hold hands with numerous social causes and charities that are very close to our hearts. London Rag realizes the Social Responsibility to shoulder these organisation so that the future generation is not only stylish but also full of gratitude.
